RE: Morgan Belveal Recommendation

Dear Application Committee,

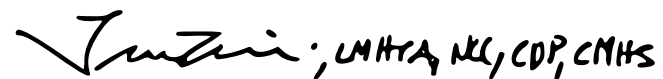

Throughout the time that I have known and have worked with Mr. Belveal, I have been utterly impressed with his intelligence, his work ethic, and his creativity. Moreover, his commitment to and his passion for issues around policy and social justice for marginalized members of the education system are unparalleled.

Mr. Belveal has already experienced great professional success within the Spokane, Washington area. This is attributed to his ability to focus on the issues at hand and his drive to work hard and make a difference in moving the needle. Mr. Belveal has also demonstrated outstanding skills in communication that have also assisted his current achievements.

He has truly made his mark within the Eastern Washington University community and the greater Spokane, Washington community as a dedicated undergraduate. I am certain that he will exceed expectations as a graduate student with your university as well.

Please, do not hesitate to contact me with any further questions.

Sincerely,
